RE: South Carolina Electric & Gas Company - Notice of New Natural Gas
Construction Project
Docket No. 2006-244-G

Dear Ms. Boyd:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of natural gas construction projects resulting in a cost of \$500,000 or more. See 26 S.C. Code Ann. Regs. 103-412.2.7(A). In compliance with the regulation, this letter serves as notification to the Commission that SCE&G intends to extend its natural gas pipeline system by constructing a new, four-inch steel gas pipeline extending from Newton Way, in Berkeley County, predominately alongside Business Park Road and Drop Off Drive, in Berkeley County. This project is necessary to provide natural gas service to an industrial park, namely, the Rockefeller Group Foreign Trade Zone, and subsequent Berkeley County Economic Development Tracts in the surrounding Jedburg area.

This construction project will be completed in three phases – all of which will occur simultaneously. Phase 1 of the project focuses on the Rockefeller Feeder Main and consists of 7,800 feet of four-inch steel pipe and 500 feet of six-inch steel pipeline. Phase 2 of the project addresses the Rockefeller Development Distribution and consists of 3,250 feet of four-inch polyethylene pipe and 1,450 feet of two-inch polyethylene pipe. Phase 3 of the project concentrates on the construction of the Rockefeller Regulating Station which will provide the necessary pressure reduction to serve the site. Construction is scheduled to begin in October 2010, and the Company anticipates that the total cost of this construction project will exceed \$500,000.
